You are cordially
invited to

Mathapalooza!!

Saturday, February 9th, 2019

Phillip O. Berry

Academy of Technology

Hello Students, Parents, and Guardians,

Welcome to the 2018-2019 school year!! We are so happy about all of the exciting things that Talent Development (TD) will be offering this school year for your child. One opportunity is called **MATHAPALOOZA!!** This event is just for CMS students in 3rd Grade, and this invitation is just for your child.

Another special thing about **MATHAPALOOZA** is that students will get the opportunity to participate in fun and friendly math competitions with other students in 3rd Grade. All they have to do is be in 3rd Grade and enjoy doing math!! The event will take place on **Saturday, February 9th, 2019, at Phillip O. Berry Academy of Technology.**

There are a few things that we want to make you aware of so that your child can participate. First, there is a registration required, and the fee is \$16.00. The registration link is not available yet, but it will be made available starting **October 1st, 2018.** At that time, registration will be live and active. I will send you the link to register prior to this time so that you can have the information.

Each school is allowed to invite up to 20 3rd Grade students to participate. Invitations are open to everyone and not just the TD Certified students. With that said, the event participant limit is 500. Registration will be available on a first-come, first-served basis. Once that limit is reached, there will be no more registrations accepted.

Please consider allowing your child to participate. It will be an enjoyable and memorable experience for them. Please use the following link to let me know your interest. You can click the **QR Code**, or you can go to **http://bit.ly/Mathapalooza** to complete the form.

Thanks very much,

Shelly Ramseur, Talent Development
